

I'm a hardworking and ambitious Junior Front-End Developer from Georgia, with 6 months of React and 1 year of JavaScript experience, passionate about creating interactive and user-friendly web applications. I am eager to learn and grow both as an individual and as a team player. I have obtained Web Development and React certifications from the Skillwill Academy, with a solid understanding of modern web development principles and best practices. Additionally, I have hands-on DevOps experience, working with Docker, Linux, and Kubernetes, enhancing my ability to build and deploy applications efficiently in dynamic environments.
